

Cliff Creek's Peer Reviews from tasteroom.com

2007 Merlot

“This wine has a strong, elegant nose with great legs. It will be even better in a couple years. The more we let it sit out the better it became. Out of 9 reviewers it averaged 87 points.”

2007 Cabernet Franc

“This is a young wine with huge potential. Cellar for a few years and it will be simply AMAZING! It is very rich and complex with just the right nose that you want in a Cabernet Franc. It was the favorite wine of the day by many of our reviewers. If you can get your hands on a bottle of this, do not hesitate. Out of 9 reviewers it averaged 93 points.”

2006 Syrah

“There are initial hints of citrus and cloves, but they are not over-bearing. This is a smooth mid-summer's syrah. The difference between the previous vintage and this is night and day. This vintage does not exhibit the boldness that the '05 did, but was still a very drinkable syrah. Out of 9 reviewers it averaged 88 points.”
